NOTE:

1. The above information was adapted from “Choices: Careers in Social Work”. Please visit the web site for more details at <http://www.naswdc.org/pubs/choices/choices.htm>
2. Bachelor of Social Work (BSW) prepares individuals for entry-level direct practice.
3. Master of Social Work (MSW) is necessary to provide therapy and for advancement to supervisory or administrative positions.
4. Doctorate in Social Work (DSW) or Ph.D. is usually required for positions in teaching, research, and administration. Desirable for some clinical positions and private practice.
5. Complete a degree from a college or university program accredited by the Council of Social Work Education (CSWE). Programs include practical field experience.
6. Most states require licensure, certification or registration.
7. The field practicum is used to determine suitability for this profession and to provide exposure to various practice settings and clients.
8. Social Work candidates should possess empathy for others, appreciation for diversity, and an interest in social change.
9. Social workers serve a range of client systems (individuals, families, groups, communities) as they attempt to enhance social functioning.
10. Social work is unique given its dual focus on the person and its environment.
