

STUDENT RIGHTS AND RESPONSIBILITIES

The program has policies and procedures that specify students' rights and responsibilities to participate in formulating and modifying policies affecting academic and student affairs. It provides opportunities and encourages students to organize in their own interests.

Students are encouraged to participate in all student organizations; we recognize that student participation is an important component of preparing responsible social workers. In addition to our social work organizations, both the College and the University provide a wide range of student activities, clubs, and events in which students are encouraged to participate. For example, social work students have represented the program on the CHaSS Council (our College governance structure) and in the University-wide student government organization. And, since our social work students are community service-oriented, they also volunteer in a wide range of organizations in the community. Some community service activities are organized by the Social Work program (e.g. Sub for Santa) and students may become involved in service activities individually.
